

ALLNET Brick'R'knowledge Experimentation PCB 1, 27, pack of

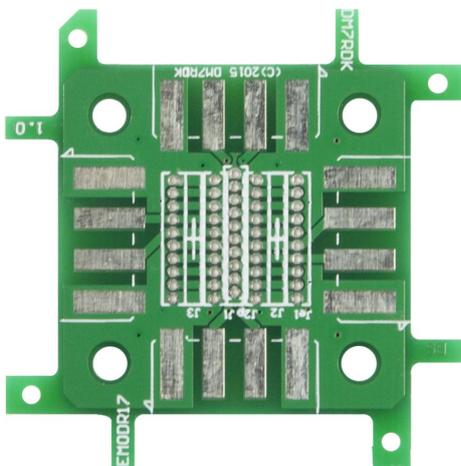

EAN CODE

DIY board The pins in the middle of each of the four connectors are separately lead to the respective connection bar. At the bottom there are additional SMD pads with a pattern of 1,27mm. This board is perfectly suitable for build special connector bricks. For this, simple wire bridges need to be soldered between the bars. Leaded components can be built in directly.
