Experience the ultimate flexibility in your lighting with the **9W RGB+CCT Square LED Downlight**. This innovative LED panel gives you the ability to customise your lighting as you wish, creating the perfect atmosphere for any room.

The **Square Panel RGB+CCT** is controllable with a **Radio Remote Control** and a **WLAN Controller for iOS and Android**, both available separately (see accessories). These control options make it easy and convenient to customise the lighting so that you can create the desired lighting mood for any occasion.

With an output of **9W** and a light output of **720 lumens**, this downlight provides bright and efficient illumination. The variable colour temperature from **2700K to 6500K** and the RGB+CCT function allow you to choose both warm and cool white tones as well as a wide range of colours. The **light efficiency of 80LM/W** and a colour rendering index (CRI) of over 80 ensure a natural and vivid colour representation.

The **9W RGB+CCT square LED downlight** has a wide beam angle of **120°**, which ensures uniform light distribution. It is designed for a voltage of **AC86~265V / 50~60Hz** and has a power factor of **over 0.5**, which makes it particularly energy efficient. The robust construction made of **aluminium** guarantees a long service life of up to **50,000 hours**.

Thanks to the **control range of up to 30 metres**, you can easily adjust the lighting from a distance. The downlight fits into a hole size of **ø105x105mm** and has a compact size that allows for easy installation.

This LED downlight is the ideal choice for lighting living rooms, offices and other indoor areas. With the **9W RGB+CCT square LED downlight**, you get a high-quality and flexible lighting solution that adapts perfectly to your needs.
